On 7 March [redacted] dropped by briefly to indicate that he had discussed the situation with [redacted] of the Psychiatry Staff. He reported that [redacted] was definitely not interested in a collaborative effort. Accordingly, [redacted] felt that he would recommend to [redacted] CI Officer, that A&E be given the responsibility for this project. If this requirement is levied there will be a 90 day deadline. [redacted] will take the responsibility of providing us with necessary data and information.
